CS PROJECT LIST

Android Based Projects

1. Remote Controlled Robot Using Android Application
2. Induction Motor Speed Control Using Android Application
3. War Field Spying Robot with Night Vision Wireless Camera By Android Application
4. Pick and Place Robotic Arm Controlled by Wireless Android Application
5. Remote Controlled Home Automation Using Android Application
6. Design of Chatting Application Based on Android Bluetooth
7. Remote Operated Domestic Appliances Control by Using Android Application
8. Smart Travel Guide Application for Android Mobile
9. Android Phone Based Home Surveillance System
10. Android Based Remote Monitoring System
11. Automatic Number Plate Recognition on Android Platform
12. Implementation of Cuff less Continuous Blood Pressure Measurement System based on Android
13. Indoor Wi-Fi Positioning System For Android-Based Smartphone
14. Mobile Sensor Data Collector Using Android Smartphone
15. Personal Monitoring Of Blood Pressure Using Android Smart Phones
16. Green House Automation using ZigBee and Android Smart Phone
17. Bus Notification System Based on Android Technology
18. Smartcard based Android Application for Public Transport Ticketing System
19. Portable Heart Rate Detector based on Photo plethysmography with Android Programmable Device
20. Privacy-Aware Communication For Smart Phones Using Vibration
21. Harassment Monitoring System Using Android
22. Research and Design of Chatting Room System based on Android Bluetooth
23. Implementation of Android Voice Recognition for Smart Home Application Using Bluetooth
24. Real Time Multiple Cross Platform Communication through Bluetooth
25. Cooperative Defense Against Pollution Attacks in Network Coding Using SpaceMac
26. Android based Emergency Alarm and Healthcare Management System
27. Biometric Mechanism for Enhanced Security of Online Transaction on Android system
28. A Smartphone Indoor Positioning Method
29. Fall Detection Based on Movement and Smart Phone Technology
30. Dementia Patient Movement Detection
31. Machine Learning Approach to Android Malware Detection
32. Design and Development of Android Application based Wireless Toy Car
33. Android-based Mobile Framework for Navigating Ultrasound and Vision Guided Autonomous Robot
34. 24 hours GPS Tracking in Android Operating System
35. Bluetooth Enabled Android Application for a Microcontroller Driven Robot

36. Surveillance Robot Using Arduino Microcontroller and Android
37. Smart Home Using Android Application
38. PLC Based System Using Microcontroller for Industrial Application Based on Android Technology
39. Android Based Electronic Fare Meter System
40. Smart Phone Controlled Robot Using ATmega328 Microcontroller
41. ARM7 Microcontroller based Robot Controlled by an Android mobile utilizing Bluetooth
42. RTOS Based Home Automation System Using ATmega and Android
43. Ubiquitous Smart Home System Using Android Application
44. Automated Car Parking System Commanded by Android Application

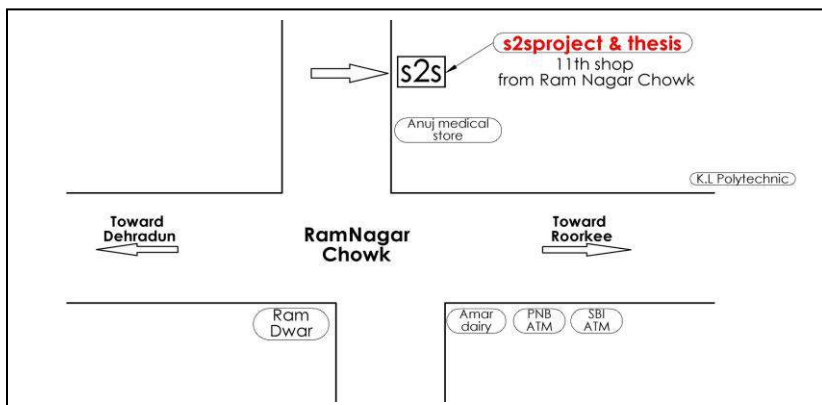

Java Based Projects

45. ICS (Inventory Control System)
46. Home Automation System with Speech Recognition
47. Total Business Solution
48. Membership Management using Java Card
49. Online Ticket Reservation System
50. Voice/ Speech based Browser
51. Smart Encryption (Image/ audio / video)
52. Java Editor
53. Mobile- Commerce / CRM
54. Mobile- Online Examination System

55. Text based Image search in Database
56. X & O game
57. Remote Desktop
58. Download Manager (ftp)
59. Mobile Banking
60. Multicast Server Chat
61. Mobile Screen Info Generator
62. Terminal Controller
63. Tour & Travel Mgmt application
64. Digital Image Watermarking
65. TTS (text to speech) Application
66. Speech Enabled Database Operations
67. Distributed Banking System
68. Portfolio Management
69. Online Equity Management
70. Distributed database architecture
71. Face recognition using laplacian faces
72. Messaging service over TCP/ IP in local area network
73. Resource management system (RMS)
74. Online examination system
75. Global job portal management
76. Character Recognition System
77. Windows Desktop Search
78. Securing TCP/IP communication using cryptography
79. Implementation of Digital image Processing Techniques

For more projects feel free to contact our student Support team at: -

info@s2sproject.com

Or

Call +91-7533882435, 9720255525

We will be happy to assist you
